COORDINATION OF PROPOSED ISSUANCES

1. Effective immediately, it is requested that all issuances (whether a regulation, notice, or handbook) proposed by a DD/S office will be referred to the General Counsel for drafting assistance and review. This action on the part of initiators will be accomplished prior to dissemination of the proposed issuance to other DD/S offices for coordination.

2. In the past, the assistance rendered to the initiating offices in matters of this nature has been most helpful. I believe that considerable time and effort will be saved by having the General Counsel review the proposed issuances at this stage.

3. I would like to re-emphasize that it is the responsibility of an initiator of a proposed issuance to fully staff out the regulatory material with the other DD/S offices before it is submitted to the Regulations Control Staff.
